

EXPOBAR – 1 GROUP OFFICE LEVA

Perfect for the home or office, this ExpoBar Office Machine packs a lot of features into its compact stainless-steel body.

The machine is fully self-contained and requires no plumbing in, with its inbuilt water tank and drip tray.

If you really want to feel like a true barista in your own home, then this is the perfect machine for you!

Able to pour your coffee shot while you froth your milk, so there is no time to wait.

The Leva on this machine, gives you full control over your coffee shot.

A traditional heat exchange 1 group espresso machine with a leva group. A copper boiler of 1.5 litres with a large 2000 watt element for unlimited steam production. The body of the machine is made from 2mm thick stainless steel. The machine has one steam tap (stainless-steel) and one hot water tap.
